BIOGRAPHY

JEREMY D. SLATER is a sound artist essentially, but also works with video and sound in performance and installation settings. His sound work consists of field recordings as a base to create processed drones with tabletop guitar, objects, ambient noise, and environmental sound. Performances include live performed video that is ambient and reactive. Video work also includes single and multiple channel videos for screening and installations with sound and ephemeral sculpture. Jeremy was one of the 1999 recipients of the Computer Art Fellowship from New York Foundation of the Arts (NYFA) and has attended the Experimental Television Residency was recently artist in residence at Seoul Art Space in Geumcheon in Seoul, South Korea. He has exhibited and performed nationally and internationally. www.jeremyslater.net
